Door Controls USA

# Elevate Your Training

## Quick Start Level 1 *Introduction to Automatic Doors - 3 Day Class*

**\$525**

The perfect foundation for anyone new to the automatic door industry. Our comprehensive curriculum covers basic electronics, sensors, controls, and motor/gearbox, as well as the ANSI 156.10/19 Safety Standards.

## Quick Start Level 1 *Introduction to Automatic Doors - 4.5 Day Class*

**\$1,275**

The perfect foundation for anyone new to the automatic door industry. Our comprehensive curriculum covers basic electronics, sensors, controls, and motor/gearbox, as well as the ANSI 156.10/19 Safety Standards. This extended class covers additional manufacturers and has more hands on training.

## Quick Start Level 2 *Introduction to Sensors, Modules, and Integrated Systems - 4.5 Day Class*

**\$650**

The perfect next step for those looking to further their knowledge and skills in the automatic door industry. These classes are designed to give you a deeper understanding of different types of sensors, modules, and other integrated systems and how they are used, through hands-on sensor adjustments and wiring to manufacturer-specific door controls.

## Quick Start Level 3 *Introduction to Revolving Doors*

**\$725**

A comprehensive and in-depth look into the world of revolving doors. These classes are designed to give you the knowledge and skills necessary to effectively troubleshoot and isolate revolving door systems.

## AAADM Swing/Slide/Fold/Revolving Certification

**\*\$350**

Throughout this course, we prioritize your education on the industry standards that govern automatic doors: ANSI A156.10, A156.19, A156.38, A156.27. Primary business in automatic pedestrian doors is required for approval.

"AAADM defines "primary business" as follows:

- A distributor of automatic pedestrian door products, not only hardware, for an AAADM Active Member Company, and/or
- A company that derives over 50% of its business from the sale, installation, and/or service of full power automatic pedestrian door products that comply with ANSI / BHMA A156.10 and A156.27."

**\*Paid directly to AAADM**

## Hollow Metal & Hardware Training

**\$300**

*Introduction to Commercial Doors, Frames, and Door Hardware*

Designed to give a comprehensive understanding of basic door, frame, and hardware types. Anything from pivots and hinges to electrified hardware.

## Top Door Alarm *Factory Training*

**No Charge**

This Factory Training program is designed to give you a comprehensive understanding of the requirements and application of ligature-resistant products. You'll gain basic knowledge about swinging-type doors and frames and understand all the components of the Top Door Alarm® system.

## Custom Classes *Custom Curriculum*

**Contact Training for Pricing**

Allows you as the customer to be in the driver's seat and set the criteria you wish to be taught, all while giving the technician the same experience they would receive in one of our Quick Start classes. Contact [training@doorcontrolsusa.com](mailto:training@doorcontrolsusa.com) to inquire about custom classes.
